

EXCLUSIVE MODERNISED BOUTIQUE OLIVE ESTATE

FINCA EL MOLINO

Finca El Molino is a modernised, operational olive estate set in an idyllic setting 15 minutes from the town of Montoro which is a hidden gem in Cordoba. It has a rich history dating back to ancient times with influences from the Roman, Moorish and Christian eras evident within the town.

The main residence of this 158-acre estate is a stunning 19th century villa characterized by its majestic inner courtyard. This two-storey building contains seven independent apartments leading from a central courtyard that was the original mill house. Authentic features are plentiful and blend in beautifully with the high-end, tasteful renovations and refurbishments carried out throughout the estate. Numerous terraces and patio areas overlook landscaped gardens, fountains, orange and citrus trees, lakes and 36,000 olive trees.

This is a perfect retreat as a private family home or boutique hideaway with luxury rustic charm, where the beauty of nature and tranquillity of country life are perfectly combined.
